## Labsheet 1.2

## **Walking Rates**

**A.** Here are the walking rates that Gilberto, Alana, and Leanne found in their experiment.

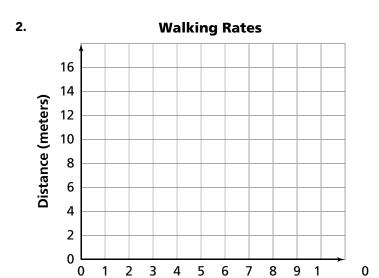

| Name     | Walking Rate          |  |  |
|----------|-----------------------|--|--|
| Alana    | 1 meter per second    |  |  |
| Gilberto | 2 meters per second   |  |  |
| Leanne   | 2.5 meters per second |  |  |

## <sup>1.</sup> Walking Rates

| Time<br>(seconds) | Distance (meters) |          |        |  |
|-------------------|-------------------|----------|--------|--|
|                   | Alana             | Gilberto | Leanne |  |
| 0                 |                   |          |        |  |
| 1                 |                   |          |        |  |
| 2                 |                   |          |        |  |
| 3                 |                   |          |        |  |
| 4                 |                   |          |        |  |
| 5                 |                   |          |        |  |
| 6                 |                   |          |        |  |
| 7                 |                   |          |        |  |
| 8                 |                   |          |        |  |
| 9                 |                   |          |        |  |
| 10                |                   |          |        |  |
